

Packed with passion

D-Tech machinefilm

D-Tech is a first-class 5-layers LLDPE pre-stretch film with one-side cling and very slippery other side. The film has very good optics and good sealability. All types of loads can be packed with D-Tech.

Characteristics:

- One-side cling / Other side very slippery
- Good optical properties
- Very good elongation and very high strength
- Silent unwind
- Good sealing properties

Item	Up to %	Film width (mm)	Cling side	Reel weight (kg)	Reels per pallet
15 micron	260%	500	Outside	17,5	30
17 micron	280%	500	Outside	17,5	30
20 micron	300%	500	Outside	17,5	30
23 micron	320%	500	Outside	17,5	30
