

Packed with passion

NPS machinefilm

NPS is a 5-layers LLDPE pre-stretch film with one-side cling. It can be used in semi- and fullautomatic machines. The film has very good optics and good sealability. All types of loads can be packed with NPS. Good for heavy loads.

Characteristics:

- One-side cling
- Good optical properties
- Good elongation and high strength
- Silent unwind
- Good sealing properties

Item	Up to %	Film width (mm)	Cling side	Reel weight (kg)	Reels per pallet
15 micron	200%	500	Outside	17,5	30
17 micron	220%	500	Outside	17,5	30
20 micron	240%	500	Outside	17,5	30
23 micron	250%	500	Outside	17,5	30
